CREDIT vs DEBIT CARD MEMBER NOTICE:

Choose credit or debit when using your master card debit card (Check Card)??

Choose "credit" on point of sale (POS) transactions when it is available to help support your credit union.

By choosing credit (signature based), it helps to allow the credit union to offer lower fees and more services and often provides more security.

If the merchant's machine automatically prompts you to enter your PIN, simply ignore that request and push the Green "O" (Circle) on the right side. This will proceed as a credit transaction.

Thanks for doing your part to help the credit union, together we are strong.
